

*“Committed to protecting the health and wellbeing of our customers, employees and communities in all we do.”*

KAR Global is committed to protecting the health and wellbeing of our customers, employees and communities in all we do. Given the uncertainty around COVID-19, we have implemented plans to make sure our teams, marketplaces, services and technology remain safe, operational and ready to serve you.

We are currently holding Simulcast auctions via [ADESA.ca](https://ADESA.ca) and the ADESA Marketplace app. Our other digital channels—including private label sites and upstream open (non-auction) vehicles on [ADESA.ca](https://ADESA.ca) and [TradeRev](https://TradeRev.com) also remain open and active to keep your business moving forward.

We have also implemented the following relief programs to provide our Canadian dealer partners with additional confidence and peace of mind to buy and sell anytime, anywhere:

- **Waived Simulcast Fees:** No Simulcast success fees for buyers through May 31, 2020.
- **Waived Storage Fees:** ADESA Canada will waive all storage fees on purchased units that dealers are unable to remove due to transport limitations until further notice.
- **Access to ADESA Market Guide:** ADESA Canada will provide access to ADESA Market Guide (AMG) at no charge to dealers until further notice. [Learn More](#)
- **Waived TradeRev Pro Subscription:** TradeRev Canada will waive its Pro subscription fee (\$199/month) for each user’s next billing cycle.
- **Capped TradeRev Buy Fees:** TradeRev Canada will cap buy fees at \$200 until further notice. [Learn More](#)
- **AFC Customer Relief Program:** Eligible AFC customers can choose to defer curtailment payments due through May 31 on eligible unsold units. [Learn More](#)
